HONOLULU, TERRITORY OF HAWAII, FRIDAY, MAY 31 1901

PRICE 5 CENTS.

LENGTHY REPORTS OCCUPY SENATORS

Ways and Means Com- mittee Makes Impor- tant Suggestions.

COMMISSIONER KNAPP WRITES TO THE SENATE

Anxious to Have Hawaii Represented at Charleston Exposition--- Attorney General Dole Makes Reply.

The Senate spent nearly all the forenoon in the reading of reports. Mr. Carter presented some very lengthy documents from the Ways and Means Committee. They showed much thought and hard work and were looked on favorably by the Senate.

After the preliminaries this forenoon, the Senate listened to the following communication from J. F. Knapp, the special commissioner of the South Carolina Inter-State and West Indian Exposition who is now staying at the Moana hotel, Waikiki:

I beg to petition your honorable body for favorable consideration in the matter of representation of our Territory at the South Carolina Inter-State and West Indian Exposition to be held at Charleston, S. C., from December 1st, 1901, to June 1st, 1902.

The trunk lines of railway running south from Buffalo have kindly proffered to transport government and state exhibits from the Pan-American to the Charleston Exposition without cost. This will reduce the expense of your representation to a minimum and also reduce very materially the cost of returning your exhibit home as it can be returned by vessel the entire distance or by rail at a lesser distance than from Buffalo.

I am pleased to hand you herewith printed matter indicating the scope, progress, etc., of our exposition and ever pray the granting of this petition.

With the highest consideration,
Your petitioner,
(Signed,) J. F. KNAPP,
Special Commissioner, South Carolina Inter-State and West Indian Exposition.

The communication was referred to the Education Committee and then Mr. Carter presented the following report of the Ways and Means Committee on certain items in the Appropriation bill which was laid on the table to be considered with that bill:

The Ways and Means Committee, to whom were referred sundry items in the Appropriation bill under Current Expense, Department of the Secretary of the Territory, begs to report as follows:

Item 372—Incidentals, \$3,000.
Your committee finds this item is the same as has been provided in past appropriation bills and that it has always been expended. The office work of this department has increased since annexation, and the incidentals will also be larger. We recommend the item pass as in the bill.

Item 373, State Entertainments and Ceremonies, \$2,000.

Your committee finds that this is an item which has seldom been drawn in full. Should President McKinley or any other government official, or any foreign official, such as the Duke of Cornwall call here, it is a fund that could be used for such purposes. The committee recommends that it pass.

Item 374, Preservation of Archives, \$3,000.

This item was first introduced in 1898. Since that time this department has gathered together all the correspondence as far back as 1850, and have had it re-ordered and bound. The committee believes it wise to allow this work to be completed. All the documents connected with the Legislature can be rearranged and filed for easy

reference. If this data is of sufficient historical importance to warrant its preservation and if the records of the people of Hawaii are to be preserved, in addition to the foregoing, provision should be made for a fire proof vault. This could be accomplished without great expense, as the treasury vault provides a foundation, and it only requires to be built up from the floor to the ceiling. Your committee therefore recommends the passage of item 374 as in the bill, and an item be inserted as follows:

374A, Fire Proof Vault, \$2500.
Item 375, Expenses of Election, \$15,000.

This item was formerly under the Interior Department, and represents about what it costs to provide booths and judges in all the precincts and districts. We therefore recommend that it pass as in the bill.

Item 376, Printing and Advertising, \$1,800.

The committee finds this department is expected to print all the laws, many public notices, and proclamations. We recommend that the item pass as in the bill.

Item 377, Compiling and Revising Laws, \$8,000.

Your committee recommends that the item be stricken from the bill.

Respectfully submitted,
DAVID KANUHA,
H. P. BALDWIN,
G. R. CARTER.

Doubtful about item 374A.
H. P. BALDWIN.

The report further recommends under Current Expenses, Treasury Department:

416A, Commissions of Deputy Assessors, for districts other than Honolulu, \$70,800.

Commissions for Deputy Assessors, Income Tax, other than Honolulu, \$25,000.

The third report of the Ways and Means Committee deals with the Department of Public Works and makes, in brief, the following recommendations:

Salary of clerk, \$2400, to read "Salary of clerk to Assistant Superintendent, \$2400.

Salary of Superintendent of Sewers, \$2000, to pass at \$2400.

In reference to the item of Sewer Pay Roll, \$5520, the committee recommends the following: 440A, Running Expenses of Sewerage System, \$32,160.

The committee further recommends the keeping up of Kalihi Camp, this to be done by leasing the same to the highest bidder. It also recommends the passage as in the bill of the items of \$6000 for pay roll, government buildings and \$2400 for salary of janitor and keeper of Capitol and Judiciary grounds and buildings. It, however, recommends striking out the item of \$3250 per month for mausoleum grounds keeper.

A communication from Attorney General Dole giving it as his opinion that the Legislature may make an appropriation in aid of the Queen's Hospital was read and, at 11:45 o'clock, the Senate took a recess until 2 o'clock.

KANUHA SAYS DEATH TO MILITARY

That Mr. Kanuha of the Military Committee has sworn death to the military of the Territory cannot be doubted. In the Senate this forenoon, he introduced the following resolutions signed by himself and Mr. Kahilana but not signed by Mr. Carter, chairman of the committee:

The majority of your Committee on Military recommend that all the items on page 25 from 360 to 364 and all the items on page 33 from 564 to 568 be stricken out.

The majority of your Committee on Military recommend that all the items from 350 to 359 on page 21 and whole items from 552 to 563 on pages 32 and 33 be stricken out, except the item 356 on page 21 about the janitor. Your committee recommend to pass as it is in the bill, to take charge of the military equipment.

Items 350 to 354 relate to salaries of headmaster and members of the band and represent a total of \$35,000 while items 552 to 563 relate to running expenses of the military and represent a total of \$35,500.

The only item the committee recommends leaving in the bill is the pay of janitor. When the report was read, Mr. Baldwin asked: "What is the use of a janitor when the military is done away with?"

The second report of the Ways and Means Committee by Mr. Carter relates to the Treasury Department. It recommends no division, putting under "Salaries and Pay Rolls" the cost of collecting the Honolulu taxes, and under "Current Expenses" the amount necessary to cover the commissions paid for collecting the taxes in outlying districts. It further recommends the striking out of item 150 inserting the following:

150A, Pay of Deputy Assessors, Honolulu, one at \$400 and four at \$3600, \$18,400.

Pay of Deputy Assessors, Income Tax, Honolulu, \$3600; pay of Income Tax Clerks, \$6000; pay of Tax Office Draughtsman, \$2400; pay of Clerks, Honolulu Office, \$3000, \$16,000.

ARRAIGNMENT OF W. G. SMITH TODAY

Plea in Abatement Filed By His Attorney Hankey.

CASE WILL BE TRIED BY JUDGE GEO. D. GEAR

Defense Attacks Legality of Grand Jury as Drawn Under Bailiff Act Passed by Legis- lature.

This morning in the Circuit Court, the matter of the arraignment of Walter G. Smith, indicted by the Grand Jury on the charge of perjury, came up for the fourth time and was duly settled. The indictment was read by Deputy Attorney General Cathcart. Judge Humphreys stated that Judge Gear being expected by an early steamer and the May term of court having been extended twelve days, he saw no reason why the case should not have a speedy termination. He announced his intention of assigning the case to Judge Gear for trial upon his arrival, in the meantime a stay of proceedings being entered.

F. W. Hankey appeared for Walter G. Smith, filing a plea in abatement. A plea in abatement was filed by Frederick W. Hankey, as follows: Now comes the above named defendant and protesting that he is not guilty of the charge alleged in the indictment in the above entitled cause, nevertheless begs leave to present the facts hereinafter set forth by law of a plea in abatement.

First, the defendant alleges that the Grand Jury which found, returned and presented the indictment herein was not selected or summoned by the High Sheriff or by any deputy of said High Sheriff but was selected by one C. A. K. Hopkins, a person being then and there neither the High Sheriff nor a deputy of such high sheriff.

Second, that the order of the court and the open venire facias issued by the court for and directing the selection and summoning of said Grand Jury directed that the same be summoned from the body of the island of Oahu; that all of the grand jurors acting and serving when said indictment was found, were summoned from Honolulu, the said Honolulu being only a locality within the island of Oahu, except one. That the greater area of said island of Oahu, containing villages and communities in which several thousand people, eligible for grand jury duty reside, was not represented upon said Grand Jury and that no grand juror was summoned from those villages or communities have two, of whom only one was of the Grand Jury that found said indictment. And defendant alleges that he was thereby prejudiced by the personnel of said Grand Jury as he verily believes, contrary to his rights in the premises.

Third, that said Grand Jury was not selected in the manner provided by law. The records of the court are made a part of the plea.

Hamalo, a native indicted on the charge of rape was arraigned and pleaded not guilty.

Judgment was entered today in favor of plaintiff in the ejectment suit of H. M. Mist vs. the Kapiolani Estate, awarding the title to a certain lot at Waikiki and costs of suit taxed at \$16.50.

CHANGES OF OFFICERS IN THE PUBLIC WORKS

The office of Assistant Superintendent of Public Works will be turned over to Marston Campbell by W. E. Rowell tomorrow morning, and T. A. Lloyd will take charge of the offices vacated by Mr. Campbell. No changes are contemplated in the personnel of either office.

W. E. Rowell, the retiring assistant superintendent, entered the office in 1887 under the administration of L. A. Thurston. With the exception of two years, from 1890 to 1892 he has seen no rest and said this morning that he felt that a burden had been taken from his shoulders. Mr. Rowell is undecided as to his immediate course but may conclude to open an office as civil engineer in the city.

Marston Campbell will be relieved of all clerical work and other details formerly attended to by the assistant superintendent and will have all his time for engineering work.

EWA TRESPASS CASE.

In Judge Edging's court, the trespass case of Kalua vs. Ewa Plantation is still in course of trial. The taking of testimony was completed at noon and argument of counsel began at the opening of court this afternoon. Kinney, Ballou & McClanahan and Magoon & Thompson for plaintiff; Cecil Brown and Frederick W. Hankey for defendant.

NEW GERMAN CHURCH WILL OPEN SUNDAY

On Sunday the dedication and opening of the new German Lutheran church and the installation of Pastor W. Feby will take place.

The program arranged for the occasion is after the manner of the opening of new churches in Germany and it will be a novel ceremony for Honolulu. Nine o'clock in the morning has been chosen for the ceremony so as to give the local clergy and many invited guests attending other places of worship an opportunity of being present.

The congregation of the new church with the trustees and invited guests will assemble shortly before 9 a. m. on Sunday, June 1st in front of the closed doors of the edifice. Pastor Hans Isenberg will receive the keys of the church from the chairman of the trustees and with appropriate remarks will turn the keys over to the new pastor, Rev. W. Feby, who will open the doors. The two pastors will first enter the church followed by the invited guests, the trustees and congregation. During the entrance Organist Henri Berger will render an anthem.

Then the following program will be carried out:

1. Hymn No. 11. By Congregation
2. Dedication Speech by Rev. Hans Isenberg.
3. Hymn No. 135. By Congregation
4. Introduction of new pastor.
5. Addresses by Local Clergy.
6. Hymn No. 168. By Congregation
7. Sermon by Pastor W. Feby.
8. Hymn No. 195. By Congregation
9. Prayers and Benediction.
10. Closing Hymn No. 443 By Congregation.

SHOWING 27,000 CHINESE

The first of June finds that the Bureau of Chinese Registration has located 25,507 Chinese in this Territory with still some of the back counties to hear from. When the work began, the authorities did not anticipate more than a total of 21,000. The supply of blanks has been exhausted and Collector Chamberlain has placed an order with the local printers for an additional stock.

Certificates issued to date are as follows: Honolulu, 11,307; Oahu outside of the city, 1496; Maui, 2840; Hawaii, 3273; Kauai, 793; total, 19,709. The total number of applications on hand for which certificates have not yet been issued is 5798, making a total of 25,507.

Estimates based on the reports of the deputies place the number yet to come in at about 2000, showing a Chinese population of over 27,000.

The importance of this factor of the population of the city of Honolulu is shown by the figures.

FUGITIVES RUN DOWN CAPTAIN FLINT CAPTURES MATES AT WAIMEA GULCH

Were Wanted by Federal Authorities on Warrants of Arrest for Assault Upon the High Seas.

George Hayward and Leonard Perry for whom warrants were issued May 17 out of the United States Court on the charge of assault upon the high seas are behind the bars at the police station. They are the first and second mates of the Abner Coburn.

After being fugitives from justice for two weeks, they were captured last night in Waimea Gulch, by Captain Flint of the harbor police, assisted by Andrew Cox, deputy sheriff of Waialua. Flint had been on the trail of the men since last Sunday. Deputy Sheriff Chillingworth received a tip last week that the two men were at Charley David's place at Waialua. Captain Flint was sent after the men last Sunday. They had evidently been warned of the approach of danger for they left David's place that night. Flint and Cox secured the country from Waialua to Kahuku, finally running the men down last night. They were brought in by this morning's train and will be arraigned in the Federal Court.

The transaction gives every appearance that the fugitives profited by the assistance of friends in their efforts to elude the Federal authorities. This phase of the matter will be investigated by the Federal Attorney.

The steamer Mauna Loa picked up a Japanese fishing boat and crew in the Hawaii channel yesterday. The sampan was on its way to Hawaii from Hana, Maui. She was towed at the time the Mauna Loa came up with her and her captain, Hayashi, asked to be taken aboard. The boat and her crew were hoisted aboard the Mauna Loa and brought here.

Camera & Co. can now be found on Alakea street between King and Merchant.

REFERENCE TO HEALTH MATTERS

Report of Senate Com- mittee Shows Care- ful Thought.

DEALS PRINCIPALLY WITH MOLOKAI ITEMS

Committee Recommends \$13,000 In- stead of \$10,000 for General Expense of Board of Health.

The following important report of the Committee on Health and Education on various items in the Appropriation bill and showing an immense amount of careful thought and hard work on the part of Mr. Achi, was read at the morning session of the Senate today and laid on the table to be considered with the bill:

Don. S. E. Kalua, President.

Sir:—Your Committee on the Board of Health Department to whom several items were referred respectfully report as follows:

1. Item 532—General Expenses, \$10,000.

Upon consultation with the Board we came to the conclusion that the above amount ought to be raised to \$13,000.

The expenses to be paid out of the above appropriation are Advertising and Printing, Incidentals, Stationary and Postage, Laboratory Supplies, and Burial of Paupers and Morgue expenses.

We also found that the expenses for advertising are continually increasing with the growth of the duties of the Board; the same way with the expenses for incidentals.

In regard to expenses for burial of pauper and morgue, we found out that the number of bodies which have to be buried at the expense of the Board is increasing greatly.

We therefore recommend that the item may be passed at \$13,000.

2. Item 533—Medicines for City Dispensary, \$2,000.

The idea of a former President of the Board was that the government physicians in different districts should supply drugs and medicines, to be used in their respective districts out of their own expenses; but the Board informed your committee that they found it impracticable, and we concur with the opinion of the Board in that matter; we believe it would be impossible for the government physicians to furnish drugs and medicines out of their nominal salaries.

We therefore recommend that the amount may be passed as follows:

Medicines, \$9,000, being the same as inserted in last Appropriation bill.

3. Item 534—Support of Non-Leprous Children, \$12,000.

The Board strongly urged your committee to increase the amount to \$20,000 for the reason that the Board believes that a building for boys ought to be built at Kalihi.

We therefore recommend that the item may be inserted as follows:

Support of Non-Leprous Children and Building for Boys, \$20,000.

4. Item 535—Insane Asylum, \$34,000.

The above amount is supposed to be spent as follows:

Bedding, furniture, etc. \$1,000
Crochery and Utensils 1,000
Fuel and Lights 1,000
Improvements and repairs 2,000
Incidentals 2,000
Medicines 2,000
Beef, Meat and Fresh Fish 12,000
Provisions and Groceries 12,000

Total \$34,000

Through our conversation with the members of the Board, we are satisfied that the above amount can be made to last out only with strictest economy on the part of the officers of the institution.

We therefore recommend that the amount be passed as in the bill.

5. Item 536—Segregation, Support and Treatment of Lepers, \$160,000.

By the report of the committee to Kalaupapa, which was adopted by both houses, it was decided to increase the rations of pot from 21 pounds to 25 pounds per person a week; also increases in other things were adopted; and we believe we also decided to furnish the inmates with fuel free of charge; the Board proposes to your committee an increase of \$10,000 in the appropriation in order to meet said expenses; your committee also found that the Kalaupapa committee proposed that the management, etc., of the Bishop Home ought to be better provided with helpers and other things.

Your committee therefore recommends that the item may be passed at \$171,000.

It is true that the treasury does not warrant an increase in the Appropriation bill; but we feel it is our duty to do all in our power for the benefit of those unfortunate inmates at Kalaupapa and Kalawao, Molokai.

6. Item 537—Kalaupapa Store, \$15,000.

In regard to the above amount we have no reason to change the same,

and recommend that it may be passed as in the bill.

7. Item 538—Maintenance of Garbage and Excavator Service, \$24,000.

The Board urged your committee to increase the amount to \$26,000, but we believe the Board can run that department during the next two years with the strictest economy, for the amount asked in the bill; and we claim it is a part of our duty to save all we can for the government.

We therefore recommend the amount asked in the bill may be passed.

8. Item 539—Running Expenses of Garbage Crematory, \$7200.

The Board wants the above appropriation changed to Superintendent of Public Works, but we believe it will only amount to more trouble on said officer as he has all he could attend to.

We recommend that the amount be passed as in the bill.

9. Item 540—Honolulu Dispensary, \$1000.

The Board believes that this institution could be run with only \$500 during the next two years.

We therefore recommend the item be passed at \$500.

10. Item 541—Koloa Hospital, \$1000.

This hospital is not transferred to trustees, and belongs to the government.

We recommend that the item may be passed as in the bill.

11. Items 542 to 549 inclusive—Subsidies to various hospitals.

We ask that the above amounts may be laid upon the table until we get an opinion from the Attorney General in regard to a resolution passed by this Senate on May 27, 1901 in regard to the subsidy to the Queen's Hospital.

Respectfully submitted,
W. C. ACHI,
J. B. KAOHI.

Do no concur in items 2, 5, 7, 8, 9, 11.

N. RUSSEL,
Members of the Committee on Health.

Fresh butter; new potatoes. Blue \$11.

FROM WRAY TAYLOR

Jared Smith has received a letter from Wray Taylor at San Francisco, from which the following extracts are taken:

Yesterday I spent an hour and a half with Secretary Wilson at the Palace Hotel. I presented my letter from Governor Dole and received a cordial greeting. The Secretary asked many questions about Hawaii and I assure you, I found him well posted. He has great confidence in your ability to make a complete success of the experiment station in Hawaii. We talked rubber, diversified industries, coffee, beet sugar, vegetables, etc. He gave me an outline of the work contemplated by his department during the coming year. The serious illness of Mrs. McKinley has somewhat interfered with the President's plans. As soon as she is able to be moved, the entire party will return East, as quickly as possible. Secretary Wilson said he intended to visit Hawaii, but not at present. From what I could gather, I think he will come the early part of next year."

Mr. Taylor says he is delighted with the Secretary of Agriculture. At San Jose, a discerning pickpocket saw that Wilson was the representative from the rural districts and sneaked him out of \$148. This is an old story in the east with the farmers who visit the big cities. At San Jose, the thief was caught.

Mr. Taylor will return by the Zealandia, arriving June 15. He reports Mrs. Taylor much improved in health but says she will not return to the Islands at this time.

STAR BASEBALLERS.

The Stars have been reorganized and will be composed of the following players: Moore, Gorman, Davis, Riley, W. Wilder, Lishman, Mahuka, Pahau, Bower, H. Wilder, and J. Marcellino.

Hoogs and McCandless.
Representative Wm. Hoogs and ex-Superintendent of Public Works McCandless were subpoenaed to appear
